G20 W20

The natural difference between human beings is a gender difference. Throughout the world, society is divided into male and female groups. The social and cultural contexts aid in distinguishing between male and female characteristics, or girls and boys. Every community and society establish gender-based rules and responsibilities for men and women. It is assumed that the responsibilities and rules are given as per the abilities of both genders. The same assumption can be found in different cultures too. When we talked about the concept of gender, we realized that it is basically based on the behavior patterns and characteristics of males and females. Femininity and masculinity are the features of males and females, respectively. Gender is primarily concerned with providing information about sexes. Male, female, and transgender are the major categories nowadays. WHO mentioned that gender refers to the characteristics of women, men, girls, and boys that are socially constructed. This includes the norms, behaviors, and roles associated with being a woman, man, girl, or boy, as well as their relationships with each other. As a social construct, gender varies from society to society and can change over time.

W20 Vision: To create a world of equality and equity where every woman lives with dignity.

As per the vision, women should get equality and equity in all sectors of life. Equality means everyone or every group of people is given the same resources or opportunities. Women should be given the same resources and opportunities as men, and equity recognizes that each woman is unique and allocates the exact resources and opportunities required to achieve an equal outcome in society.

W20 Mission: Remove all barriers to women led development and ensure an enabling environment and ecosystem for women to thrive, transcend, and transform their lives as well as others'. W20 focused on women's issues and attempted to find a solution that would aid in the development of women in all walks of life. The mission W20 is also focusing on the development of women and giving them the proper atmosphere where they can develop themselves and nurture their identities. Women go beyond and change their lives, empowering themselves to face the challenges of life. Every nation should provide an appropriate environment for women's progress.

W20 - Goals : According to the policy of W20, further goals were stated:

- Inclusive consultations and action leading to a powerful and impactful communique.
- Feed W20 recommendations into the G20 consultations and negotiations.
- Influence and feed into the G20 Leaders' Declaration and G20 Communique
- Establish a stronger W20 global and national network.
- Ensure the continuity of the W20 agenda.

The action plan suggests that W20 is helpful to have a powerful impact on women's progress. W20 is not only an inclusive consultation, but also a platform for achieving G20 goals and objectives. The W20 helpful to connect many nations to stand for women's rights, help them face the challenges of life, and equally work into society.

Role of W20

- The W20s' role is to challenge mainstream economic thinking in areas where gender is differentiated and provide equal chances to women.
- W20 balance and highlight the lack of female membership in national chambers of commerce, finance ministries, and certain industries.
- The W20 promises an opportunity to redress some of the great disparities in G20 representation.
- Economic governance should reflect the citizenship of member states, and diverse teams will make better decisions.
- The W20 can monitor and ensure accountability for the G20's past commitments. These include gender commitments.
- The W20 has a special role in evaluating the G20's progress toward closing the participation gap between men and women by 25 percent by 2025 (known as the "25 by 25" target).

W20's Major Concerns:

- Non-discrimination and equality: Women should get equal rights and equal opportunities in the economic sector and other sectors. They should get equal chances without any kind of discrimination.
- Women-owned and led MSMEs: Women should get chances to lead micro, small, and medium enterprises.
- Gender equity in health response: Gender equality in health means that women and men are on an equal footing to fully exercise their rights and potential to be healthy and contribute to health.
- Rural women: Rural women should get equal chances in all the activities of the farming occupation, etc.

W20 Priorities in India

Women's Entrepreneurship: Women should be given opportunities to become entrepreneurs. They should take the risk to establish any kind of enterprise and fulfil their dreams. Their assistance in the economic sector is very significant.

Grassroots Women's Leadership: Most fields in India are led by men, but at the grass-roots level, when women are given the opportunity to be the leader and lead the organization for any enterprise, it will undoubtedly make a significant contribution to the Indian economy, and even it is developing leadership skills among women which will be beneficial for the organizational progress. The policies must allow women to lead the organization.

Bridging the Digital Gender Gap: Discrimination between men and women loses the progress; if the gap between men and women is reduced or bridged properly, it will undoubtedly help women's empowerment.

Education and skill development: According to Indian policy, women have equal rights in education, and the government has made provisions for the empowerment of girls' education. However, more practical and skill-oriented education is given to the woman, it will definitely be helpful to give a factual outcome.

Women with disabilities: Women with disabilities require equal opportunity in all sectors of the economy.

Priority Agenda in Focus: "Women Empowerment towards Economic Sustainability"

Objective of the Proposed Programme:

Creating awareness in various strata of society and comprehending the awareness through the proposed activities.

Brief Profile of MIT Group of Institutions:

Maharashtra Institute of Technology (MIT) – Founded by the visionary Prof. Dr Vishwanath D Karad is one of the first private engineering colleges in the state. This engineering college remains the flagship institute of MIT Group, which now includes state-of-the-art educational campuses across Maharashtra, and 4 Universities, 2 in Pune and one each in Madhya Pradesh and Meghalaya and an upcoming University in Solapur. It provides world-class education in the fields of Engineering, Medicine, Pharmacy, Insurance, Telecom, Design, Food Technology, Retail, Business Administration and Governance, Teacher Education, Schools, Colleges etc. In appreciation of the work done by MAEER under the World Peace Centre and through value-based universal education, UNESCO bestowed upon Dr Vishwanath D Karad the UNESCO Chair for Human Rights, Democracy, Peace and Tolerance in 1998.

Profile of Prof. Swati Karad Chate- Trustee and Secretary General of MAEER:

Swati Karad Chate stepped into the Executive Board of MIT Group in 2006 and since then, she has been playing a crucial role in bringing new strategies in the education domain, and making the Group an iconic setting to train young minds. Under the leadership of Prof. Swati Karad Chate, SAKSHAM – A program that trains and equips women through skill development courses was initiated to empower women from marginalized sections and equipping them through skill development.

She also aspires to create more opportunities for women in the form of employment and sustainability. She is a visionary thought leader, and educator whose passion for lifelong learning propels her forward to create a world that is empowered through education. With all the efforts, passion and the focus on enhancing the quality of education in India, she has set up numerous K12 schools along with MIT College of Railway Engineering and Research where the curriculum is designed to meet the needs of the growing manpower in railway automation and infrastructure sector. Similarly, MIT School of Vedic Sciences was established to train the students in the highly practical ancient sciences and philosophy for application in contemporary fields. She has also founded the Institute of Indic Knowledge Studies (IICS) established for the all-round welfare and elevation of the society, along with a deep and dispassionate understanding and application of India's culture to cultivate the necessary intellectual and emotional quotient among youth. She is working extensively for several upcoming projects which include schools, colleges and MIT University at Solapur.

Plan as A Nodal Centre: MIT Group of Institutions will network and with all leading institutions across Maharashtra and provide a platform for women and all stake holders to be able to voice and develop programs, systems, and policies related to equality and opportunity for women, and can contribute at large to bring about reforms and transformation in the community and society.

INTERNATIONAL CONFERENCE ON "VASUDHAIVA KUTUMBKAM" (ONE WORLD ONE FAMILY)

Prepared by: Dr. Surendra Herkal
Feb,04, 2023

INTRODUCTION

International Conference on "Vasudhaiva Kutumbkam"(One World One Family) before the readers with great pleasure. The words वसुधैव कुटुम्बकम् (Vasudhaiva Kutumbakam) come from the mantra VI-72 in Maha Upanishad which belongs to samaveda tradition. The mantra reads:

अयं बन्धुरयनेति गणना लघुचेतसामुदारचरितानां तु वसुधैव कुटुम्बकम् ॥

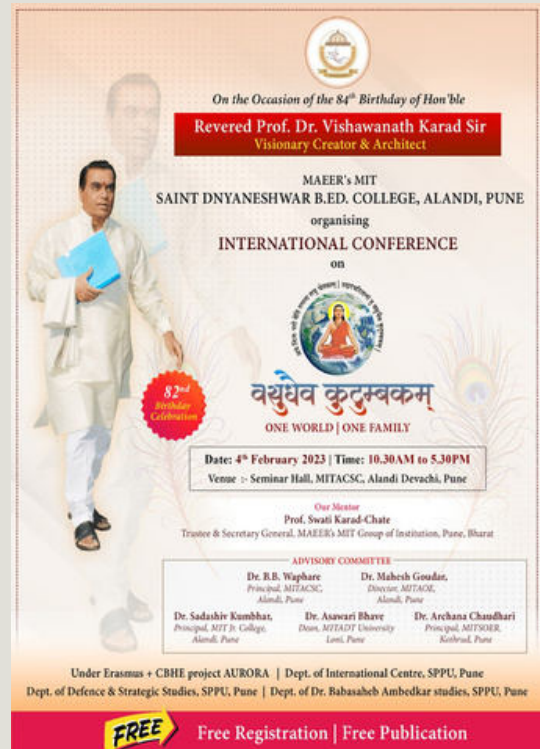

That means "This person is mine, and this one is not" is made only by the narrow-minded (i. e. the ignorant who are in duality). For those of noble conduct (i. e. who know the Supreme Truth) the whole world is one family (one Unit). The thought of Vasudhaiva Kutumbkam should be created through education in the mind of every teacher & student.

We have planned to bring various higher authorities of education, Principals, Associate Professors, Assistant Professors, Research scholars together on one platform to think about this beautiful thought & present their papers in this international conference.

They will share their thoughts on Vasudhaiv Kutumbkam which will spread the positive vibes to make one world one family. Hence, this international conference will become a milestone in the field of inculcating the thought of Vasudhaiva Kutumbkam. Our founder President Hon'ble Prof. Dr.Vishwanath Karad, rooted deeply to genuine Indian culture to the genesis of ... of "Vasudhaiva Kutumbakam" – The World as one family – Global Village.

PARTICIPATED

We express our sincere thanks to all the respected 16 dignitaries, 9 Professors, 27 Principals, 5 Associate Professors, 72 Assistant Professors & 11 Research scholars participated & contributed in this conference to publish this research journal. Last but not least special gratitude are to Hon.Prof. Dr.Vishwanath Karad, Founder President, MIT Group of Institutions, Pune, Hon. Prof.Swati Chate, Trustee & Secretary General, MIT Group of Institutions, Pune, Dr. Mahesh D Goudar Director, MIT Academy of Engineering, Alandi Devachi, Pune, Dr. Asawari Bhav-Gudipudi, Dean, Dept. of Humanities & Social Science, MIT ADT University, Pune and Dr. B. B. Waphare, Principal, MIT Arts Commerce & Science College, Alandi (D.), Dr. Sadashiv Kumbhar, Principal, MITVGHS Alandi Devachi Pune for their continuous encouragement and support for this International Conference.

INAUGURATION CEREMONY

INTERNATIONAL CONFERENCE ON

"VASUDHAIVA KUTUMBKAM"

(ONE WORLD ONE FAMILY)

On the occasion of the 82nd birthday of Hon'ble Revered Prof.Dr.Vishwanath Karad sir MAEER's MIT Saint Dnyaneshwar B.Ed.College ,Alandi Devachi,Pune is organizing this international conference. The theme of international conference is "Vasudhaiva Kutumbkam". The earth is very beautiful. Mother earth is also called as Goddess Vasundhara. It was said that when this earth was created by the Supreme power it was very beautiful. We all are the children of this Goddess Vasundhara living with her under her umbrella.

PANEL DISCUSSION ON VASUDHAIVA KUTUMBKAM

The Logo of this international conference on Vasudhaiva Kutumbkam draws inspiration from the vibrant colours of India– saffron, white, and green, yellow, and blue. It put together planet Earth which symbolizes mother earth. Saint Dnyaneshwar maharaj is sitting in between the earth in tapasvi pose in padmasana saying that "The whole world is my home" He is sitting on lotus flower which symbolizes India's national flower which reflects purity in the whole world. The Earth reflects harmony in this universe. Below the logo of conference we have written "Vasudhaiva Kutumbkam" One World One Family" which tells us to spread this message in the universe that we are one. We are the members of one family.

INTERNATIONAL CONFERENCE ON "VASUDHAIVA KUTUMBKAM" (ONE WORLD ONE FAMILY)

04 FEBRUARY 2023, 9.00 AM TO 6.00 PM

INTERNATIONAL CONFERENCE ON "VASUDHAIVA KUTUMBKAM" (ONE WORLD ONE FAMILY)

OUTCOMES

Vasudhaiva Kutumbkam conference was organised to promote the universal sense of one-ness. 'One Earth, One Family On the Prof. Vijay Khare Director of International studies enlightened the audience with his views on the theme Vasudhaiva Kutumbkam. In the next session of the conference, Prof. Deepak Mane, Dean, Interdisciplinary studies spoke on the topic the whole world as a family. The session was highly acknowledged by the participants. Report on Inter Departmental Cricket Match

The cricket match was organized by Saint Dnyaneshwar B.Ed. College and MIT ACSC held at MIT ACSC Ground On 17/02/2023 was a highly anticipated event that brought together students, faculty, and staff members for a day of sportsmanship, camaraderie, and friendly competition. The match was organized under the MoU between MAEER's and G20 W20. The match aimed to promote a healthy sporting culture within the college community and provide an opportunity for players to showcase their cricketing skills.

The Cricket match was played within eight teams, the teams consisted of three all-female teams and five all-male teams consisting of faculty members from various departments of Saint Dnyaneshwar B.Ed. College, MIT ACSC, MIT Junior College and MIT ACSC Distance College. Each team consisted of 11 players, including a captain and vice-captain.

The match began at 08:00am amidst enthusiastic cheers from the spectators. The teams took to the field with high spirits, ready to exhibit their cricketing prowess.

Beginning with the toss the batsman of all the teams laid a solid foundation along with chasing the targets, displaying an impressive array of shots and building a steady partnership. During the interval, players and spectators alike enjoyed refreshments and engaged in friendly banter, creating a vibrant and jovial atmosphere. Both the teams of Saint Dnyaneshwar B.Ed. College emerged as the distinguished runners-up in the Match.

Such friendly matches provide a much-needed break from academic routines, promoting physical fitness and mental well-being among students. The event created a sense of camaraderie and enhanced social connections among participants, fostering a more inclusive and closely-knit college environment. to contribute to a better world.
