# INTRODUCTION

VASUDHAIVA KUTUMBAKAM is a Sanskrit Phrase found in Hindu Texts such as Maha Upanishad, which means The Worlds One Family. Vedic traditions mention VASUDHAIVA KUTUMBAKAM meaning all living Beings on the EARTH are a Family.

The Vasudhaiva Kutumbakam consists of several words –

VASUDHA-The Earth

EVA - Thus

Kutumbakam-Family

अयं निजः परो वेति गणना लघु चेतसाम् ।  
उदारचरितानां तु वसुधैव कुटुम्बकम् ।

यह मेरा है, यह उसका है ; ऐसी सोच संकुचित चित्त  
वोले व्यक्तियों की होती है; इसके विपरीत  
उदारचरित वाले लोगों के लिए तो यह सम्पूर्ण  
धरती ही एक परिवार जैसी होती है ।

Meaning: The distinction, “This person is mine and this one is not” is made only by the narrow-minded. For those of noble conduct The Whole World is One family. We all are connected with each other through the medium of HUMANITY from this world as a part of one family. In this way, we can see Humanity through VASUDHAIVA KUTUMBAKAM

## STORY OF MODEL MAKING

Vasudhaiva Kutumbakam is a Sanskrit phrase found in Hindu texts such as MAHA UPANISHAD which means, 'The World is one Family.'

In Vedic Tradition mentions Vasudhaiva Kutumbakam meaning, all living beings on the Earth are a family.

In this Practical 212- COMBATING RADICALISATION, we have got an opportunity to show our talent and new ideas for making a Model based on "Vasudhaiva Kutumbakam" The world is one family. This topic was selected under the guidance of our Mentor Dr. Vikas Tupsundar sir. He guided us on how to make a model on this topic. Our group members mutually worked on the given topic.

We searched different images, and videos for references and collected information from all the possible sources.

# PROCEDURE OF MODEL MAKING

In today's fast-paced and interconnected world, the message of Vasudhaiva Kutumbakam is more relevant than ever before. We live in a global village where boundaries between nations, cultures, and people are becoming increasingly blurred. Hence, it becomes imperative to embrace the philosophy of Vasudhaiva Kutumbakam and strive to create a world where everyone is treated equally and with dignity and integrity. The principles of Vasudhaiva Kutumbakam offer a roadmap to a better future. By promoting unity, cooperation, and mutual respect, we can work towards resolving conflicts and reducing inequalities. This will create a world that is more peaceful, harmonious, and inclusive. Vasudhaiva Kutumbakam offers a powerful reminder that every individual has a role to play in building a better world. So Based on the theme of Vasudhaiva kutumbamkam Our Respected Mentor Dr. Vikas Tupsundar sir discussed with all members of group 4 the theme of the Model which was one world one family in that we started preparation of the model

## Material used

- 1 circular cardboard
- 2 Globe
- 3 with a light bulb inside
- 4 Flags of different countries
- 5 A pair of white pigeons (represent peace)
- 6 photos of Earth
- 7 images of the pictures with signs of all religions

For the preparation of the model, all group members divided the work for the best result.

Preparation-

The base of the model was made up of cardboard in a circular form, on which we stick two colour sheets of different sizes.

In the center, we made a small base of paper balls to support the structure of the Earth which was made up of a plastic ball with a hole in the bottom to connect light.

In the surrounding area of Globe, we stick Flags of different countries.

Back side of the circle we attach a colorful picture of different religions. We stick a pair of white pigeons on both sides of the picture to symbolize PEACE.

To increase the height of the model we attach a sheet of cardboard. On that, we stick the name of our college and group member list. In the last Sir checked the model and finalize it.

Thus, we successfully completed our group model.

Instructions from our mentor-

On the day of the International Conference, we will display the model in the exhibition. The college provides a table (Size- Height 2 feet, width 2 feet, and length 4 feet).

## MEANING OF THE MODEL

Vasudhaiva Kutumbakam is a Sanskrit phrase that means "the world is one family". This is how we can inculcate the philosophy of Vasudhaiva Kutumbakam—

Embrace diversity | Accept and celebrate differences in people, cultures, and beliefs.

Practice empathy | Try to understand other people's perspectives and feelings.

Promote kindness | Spread love and positivity, and help others in need.

Lead by example | Show through your actions that you believe in the unity of all humanity.

Educate People | Share your knowledge and beliefs about the interconnectedness of all people and encourage others to do the same.

By incorporating these principles into your daily life, you can help to create a world that values and respects diversity, and where everyone feels a sense of belonging and connection to each other.

## MESSAGE OF THE MODEL

The Principles of Vasudhaiva Kutumbakam offer a roadmap to a better future. By promoting unity, cooperation, and mutual respect, we can work towards resolving conflicts and reducing inequalities. This will create a world that is more peaceful, harmonious and inclusive. Vasudhaiva Kutumbakam offers a powerful reminder that every individual has a role to play in building a better world.

## OPINION

The philosophy of “Vasudhaiva Kutumbakam” is also complementary to the core Indian civilizational principles of **Satya** (truth) the principle that equates God with soul or **Ahimsa** (non-violence) a positive and dynamic force, which means benevolence or love or goodwill or tolerance (or all of the above) of all living creatures, including the objects of knowledge and various perspectives or **Asteya** (no desire to steal) refers not just to the theft of objects but to refrain from exploitation or **Aparigraha** (non-possessiveness) to live simply and keep only those material things that are required to sustain the demands of daily life.
